

# Speciality **CHEMICALS**

## > **A-GASOL**

### **Product Description**

Colourless

Non-flammable at atmospheric pressure

### **Applications**

Parts Cleaning Solvent

### **Physical Properties**

Chemical Name:

1,1-dichloro-1-fluoroethane

Molecular Weight: 134.05 kg/ kmol

Boiling Point at 1 ATM: 32.0°C

Critical Pressure: 648 mbar

Critical Temperature: > 200°C

Density Liquid at 25°C: 1230 kg/m<sup>3</sup>

## > **A-GASOL [PLUS]**

### **Product Description**

Colourless

Non-flammable at atmospheric pressure

### **Applications**

Solvent Cleaner

### **Physical Properties**

Chemical Name: Blend of

1,1-dichloro-1-fluoroethane,  
Methanol and Nitromethane

Molecular Weight: 134.05 kg/ kmol

Boiling Point at 1 ATM: 32.0°C

Critical Pressure: 648 mbar

Critical Temperature: > 200°C

Density Liquid at 25°C: 1230 kg/m<sup>3</sup>
